Water Polo Club Partizan was founded in 1952 and since then it has been continuously competing on the highest level, gaining impressive results and winning all national and international titles. Ever since the Serbian Water Polo Association has been founded, WPC Partizan's coaches took a major role in creating a tactic and obtaining player's top form. As the most numerous in Serbian Water Polo National Team, Partizan players took the greatest responsibility for all the trophies Serbian National team conquered on Olympic Games, World, European, Balkan Championships and FINA Cup.

The camp provides the highest level of group and individual trainings in a positive and friendly atmosphere. The goal is to motivate the camp participants in achieving top results, developing personal skills, building self-confidence, team spirit and winning mentality. The training accent is on player's personal technics development, as well as the overall team development.
